

Dear Parents and carers,

Please support your child in choosing *at least one* project to complete alongside the usual x3 reading, spelling and timestable practise. If you would like to do any more, that would be great!

The final date to hand in the project is the week commencing 22nd May. Then the children will have a celebration day when they share the projects they have completed at home with your help.

If you have any questions, please ask your child's class teacher.

Thank you.

Project 1

Design a pair of snow boots for an Arctic explorer. What materials would you use? What features could they have? Let your imagination run wild!

Project 2

Imagine that Earth has entered another Ice Age. Write a diary-style piece describing the changes and how the human race has adapted to cope.

Project 3

Research a famous explorer and create a timeline about their expedition. You can create this on the computer or on paper.

Project 6

Create a poster or brochure for a new travel company which arranges visits to the Arctic or Antarctic. Use powerful images and text to tempt customers who want an extra-special trip!

Project 5

Create a picture by painting, drawing or collaging – use any technique that you'd like to. What would an Arctic or Antarctic blizzard look and feel like? Use any materials that you can think of to create the effect.

Project 4

Choose your favourite animal from the North or South Poles. Create a poster with a picture of the animal and some fascinating facts about it. What does it eat? Does it live alone? Is it endangered? Find out whatever you can about your chosen animal.
