

#GROWINGUP

x

Timetable

KEY QUESTIONS...

What happens to my body as I get older?

What is puberty?

What does it mean to be resilient?

How do I keep myself safe online?

What is a growth mindset?

How do I deal with friendship issues?

Dear Parents and carers,

Here is our topic for this half term. Please also see the Creative Homework sheet for ideas about supporting your child's Learning Journey.
Have Fun!

Year 6 Summer 2
2022-2023

As Readers we will:

Use VIPERS to develop our comprehension skills using short video clips and texts to promote discussion and an enjoyment of reading.

As Mathematicians we will:

Consolidate all areas of maths in preparation for Year 7.

As Authors we will: Develop our writing skills by creating a letter to our secondary school, writing setting description of our school and recounting memories of their time at primary school.

As Athletes we will: Develop our skills, tactics and sporting behaviours within cricket and athletics.

As digital learners we will: Develop our knowledge and understanding of using a computer to produce 3D models. Create a slideshow to present our memories of school.

As Musicians we will: Learn and perform a series of songs for our production and graduation ceremony.

As Geographers we will: We will look at our local area and the routes that we can take to walk to our chosen secondary school.

As Citizens we will:

We will develop our knowledge of our own bodies and what happens to our bodies as we grow up. We will also learn how to develop resilience and skills to manage changes.

As Artists/Designers we will:

Design and create a sculpture and decorate a commemorative stone to represent our time at Cherry Tree. We will use a range of materials.

We will also enjoy taking on more responsibility around school in preparation for secondary school, such as; fundraising for events, passing on advice to the Year 5 children, leading stalls at our Summer Fayre and training new mini leaders in playground games.
