

This half term in Jigsaw we are focusing on the topic: **Changing Me**

We will learn about the life cycles of animals and humans. We will also be thinking about how we have changed since we were babies.

We will identify the parts of the body that make boys and girls different and use the correct names for these parts of the body.

We will be able to understand that every time we learn something new we change a little bit and be able to talk about all the changes that have happened in our lives.
