

This half term in Jigsaw we are focusing on the topic: **Changing Me**

We will learn that lots of changes happen between conception and growing up for animals and humans. We will learn that it is usually the female that has the baby.

We will learn about how babies grow and how a baby lives and grows up. We will learn about boys' and girls' bodies changing as we grow up on the outside and the inside.

We will learn about stereotypes and some of the ideas we have around family roles and parenting. We will talk about our next class and things we are excited for.
