

BIOMETRICS POLICY

Policy Owner:	Trust Board
Date Approved/Adopted by Trustees:	November 2019
Date of Review:	If a school in the Trust start to use a biometrics system

Presently, none of the schools in the Odyssey Collaborative Trust operate any systems that cause the need to collect personal data via a biometrics system.

This policy will be updated as and when required (i.e. if a school begins using such a collection method).
