

Dear Parents and carers,

Please support your child in choosing *at least one* project to complete alongside the usual x3 reading, spelling and times table practise each week. If you would like to do any more, that would be great!

Please bring any completed projects into school by the end of this half term. Then, the children will have a celebration day when they share the projects they have completed at home with your help.

If you have any questions, please ask your child's class teacher.

Thank you.

Project 1 – Can you build a boat for an explorer out of junk from home (recycling). Will it float? Why don't you test it?

Project 2– Make a map of your journey to school and all the significant things you would see on the way.

Project 3 – Go out into nature (park, garden, countryside) and do an observational drawing/painting of something you see. This could be a flower, a tree, a plant, an animal or a view.

Project 6 – If you were an explorer where would you go? The depths of the ocean, the dark jungle, the hot desert or the freezing arctic? Make a list of the things you would put in your pack for your journey.

Project 5 – Create a fact file about a explorer:

- Christopher Columbus
- Ernest Shackleton
- Ibn Battuta
- Amelia Earhart
- Marco Polo
- Sally Ride

Remember to use sub-headings and wow words.

Project 4 – Learn and perform a sailor's song (sea shanty). If you are feeling really musical you could create your own rhythm to tap out alongside it while you perform.
