

Bug Club

Every child should have access to BugClub, an online reading book service. On this website, teachers can allocate books which are at a similar level to individual children's phonic level and we can see when all books have been read to allocate more.

The website is www.activelearnprimary.co.uk

You will be asked to log in with your child's individual log in.

Username: (Usually child's initial and their surname with capital letters e.g. JBloggs)

Password: (Some are cherrytree and some are Cherrytree)

School ID: csg9

Children have new books under the tab "My Stuff" and the tab "My Library" holds all of the books that children have read in the past for them to re-read. For each book they read, they will earn coins which can be used under the "My Rewards" section.
