## Graffiti

Graffiti is marks, scratching or drawings made on a surface on a public place. It is often created with paint or spray paint. Graffiti can take the form of art, drawings or words. When done without a property owner's permission it is considered vandalism.

## Painting

Painting is using colours to make visual art. It is also the word for a painted work of art. Many kinds of paints are used to create art. They include watercolours, acrylics and oils. Other artists like working with pencil or chalk. Sometimes charcoal can be used. There are four basic stages in painting: preparation, divide, layer, and touchup.

## Sculptures

Sculptures are art in 3D. They can be made by carving, modelling or placing materials together. They can be made out of stone, wood, clay or any other material! Size, texture, light and shade, and colour are also important design elements. They may look exactly like a person or object or may reflect shapes and forms that the artist invents.

## Collage

An artistic collage work may include newspaper, ribbons, bits of coloured or hand-made papers, portions of other artwork, photographs, and are then glued to a piece of paper or canvas. Techniques of collage were first used in China around 200 BC. The term collage derives from the French "coller" meaning "glue".
